INTRODUCTION

My name is Darrell Nutt and I would like to THANK YOU for purchasing this Trigger 2 Expansion Pack!

I have been playing drums, tuning drums, and recording drums for over 30 years! I toured the US and Europe in the 1990's and 2000's and recorded hundreds of drum tracks in studios across the country. This expansion pack utilizes the knowledge and precision that I acquired throughout those years. I hope you enjoy them!

While the Steven Slate Trigger 2 plug-in allows complete control over the sound with an intuitive 8 channel mixing interface, my SELECTOR SERIES utilizes these 8 channels a little differently. Instead of each channel containing a separate close mic, ambient mic, or effect, the 8 channels of my SELECTOR SERIES each contain premixed drum samples so you can select the drum sound that is best for your song. This makes for a quick and easy way to enhance a drum track or completely replace it!

SS03 SELECTOR SERIES VINTAGE KICKS & SNARES contains drum sounds sampled from vintage multitrack tape. Each preset has 8 drum sounds and each drum sound features 5 layers with 4 round robins per layer. There are over 630 individual samples in this expansion pack!

If you are a music producer or musician and you use Trigger 2, this signature expansion pack may be great for you! These sounds are suitable for all styles of music production.
